Prophesy, a Körber product

Prophesy CompleteCare

Keep up with changing industry regulations, get the latest product enhancements, and industry-leading technical support with our valuable CompleteCare Plan.

The Prophesy Team goes above and beyond to continually add value to your software investment and provide top-notch customer service with our CompleteCare Plan. Our expert team is here for you, to keep your trucking company running smoothly.

We are never done!
Each year Prophesy reinvests several million dollars into the development and evolution of our products. We ensure that our software is always in compliance with the most current industry rules and regulations while also staying on top of trucking trends.

Beyond that, we consistently improve our products by adding functionality and expanded capabilities.

Our expert team
We offer unlimited toll-free, online, and Ticket System technical support with representatives who are experts in the trucking industry as well as software technology. Whatever the future holds, Prophesy CompleteCare has you covered.

Your CompleteCare Plan includes:
- All future updates and enhancements for your Prophesy Software
- Unlimited toll-free technical support
- Unlimited Ticket System technical support
- Complete Software Warranty
- Fuel tax rates and updated state forms for TaxTally
- Cartographic database updates for Mileage and Routing
- Updates to Log Rule sets for LogPlus
- Advance notice on upcoming features and offerings for your software
- Special promotions on new products just for CompleteCare Members
- And much more!

Enroll today and start taking advantage of our valuable CompleteCare Plan!
