

TaxTally

File your fuel taxes quickly and accurately with Prophesy TaxTally!

Used by more carriers than all other fuel tax reporting software combined, TaxTally is the most comprehensive and powerful fuel tax reporting tool available for today's trucking companies. It offers unparalleled ease of use, flexibility, and reporting capability.

In fact, Prophesy TaxTally contains all state-supplied forms as templates to make filing a breeze. Best of all, TaxTally lets you get a precise overview of your vehicle activity and current tax liability, putting you back in control of your fuel taxes!

TaxTally features

- Interfaces with Prophecy Mileage & Routing for easy import of trip mileage by state
- Trip duplication feature which speeds up entry for repetitive information for established routes
- Tracks purchases from vendors in each state and expenses incurred by each tractor unit during operation
- Stores weight distance mileage tax rates for states with weight distance taxes
- Owner-operator settlement reports for quick and accurate reconciliation with contracted drivers
- Allows printing of valuable state filing and reporting information
- Easy to use, comprehensive on-line help system
- Considers vehicle laden/unladen weights and axle count in determining fuel tax liability
- Marks bulk purchases, refrigerated fuel usage, etc. as exempt
- Automatically converts and tracks US and metric units for distance and fuel quantity
- Available in multiple fleet and agency versions as well

Tax Tally will:

- Keep you in compliance with all rules, regulations, and current tax rates for all states and provinces. (Current tax rates are included at the time of purchase.)
- Eliminate worries surrounding inevitable and often costly fuel tax audits.
- Dramatically reduce the amount of time required to process and file your fuel taxes.
- Interface with Mileage & Routing and fuel card services (i.e., COMDATA, EFS, T-Chek), eliminating manual entry of fuel transaction and mileage data.
- Print all necessary reports including IFTA, IRP, owner/operator, ton/mile, historical, and tax summaries.
- Identify over-purchases of fuel and over-payments of taxes.
